

Home Page:

After clicking on button on Home Page, this page appears (person search application):

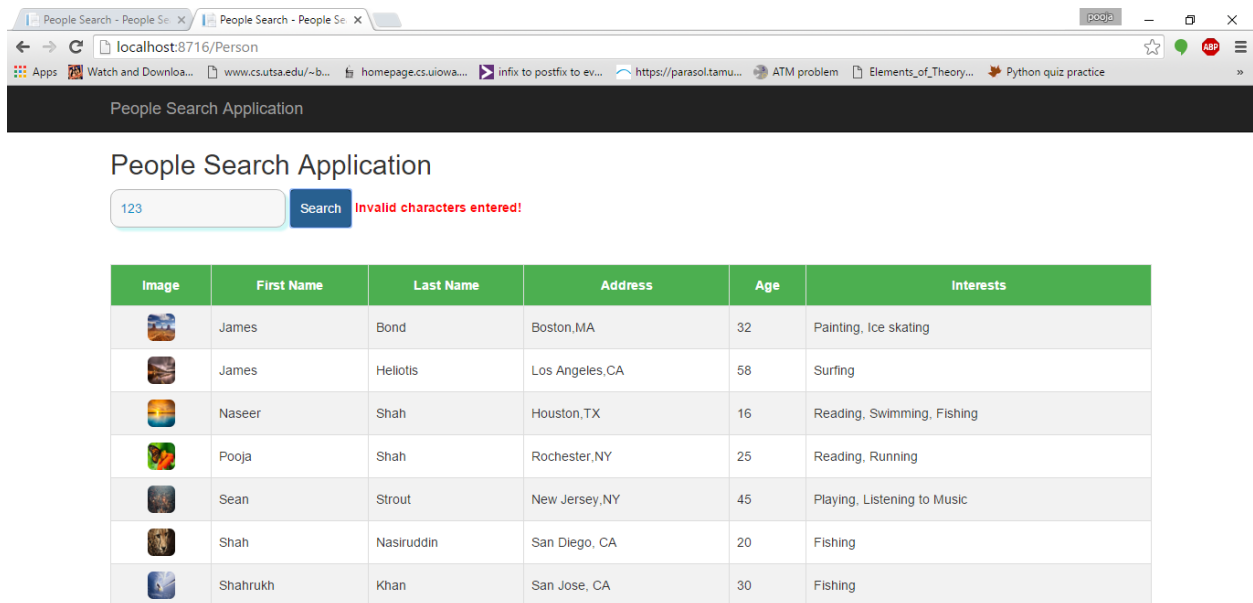

After entering search value and pressing search button:

The screenshot shows a web browser window with the address bar displaying 'localhost:8716/Person'. The page title is 'People Search Application'. Below the title, there is a search input field containing the text 'shah' and a blue 'Search' button. Below the search bar, there is a table with 6 columns: Image, First Name, Last Name, Address, Age, and Interests. The table contains 3 rows of data.

Image	First Name	Last Name	Address	Age	Interests
	Naseer	Shah	Houston, TX	16	Reading, Swimming, Fishing
	Pooja	Shah	Rochester, NY	25	Reading, Running
	Shah	Nasiruddin	San Diego, CA	20	Fishing

If invalid characters except “alphabetic characters, ‘(apostrophe), .(full stop)” are entered, a message is displayed on the page saying characters entered are invalid and there is no change in other parts of the page:

The screenshot shows the same web browser window as before, but the search input field now contains the text '123'. The 'Search' button is still present, and a red error message 'Invalid characters entered!' is displayed to the right of the search button. The table below the search bar remains unchanged from the previous screenshot.

Image	First Name	Last Name	Address	Age	Interests
	James	Bond	Boston, MA	32	Painting, Ice skating
	James	Hellotis	Los Angeles, CA	58	Surfing
	Naseer	Shah	Houston, TX	16	Reading, Swimming, Fishing
	Pooja	Shah	Rochester, NY	25	Reading, Running
	Sean	Strout	New Jersey, NY	45	Playing, Listening to Music
	Shah	Nasiruddin	San Diego, CA	20	Fishing
	Shahrukh	Khan	San Jose, CA	30	Fishing

When no records are found, a message is displayed saying “No records found”:
